MESSAGE FROM OUR PRESIDENT

With our annual elections coming up in April and my term as President ending, I want to take this opportunity to thank all of our members for this opportunity. I have very much enjoyed serving Chapter 31 as an officer the past four years and look forward to continuing to serve as a director and however else I can. Our Chapter is fortunate to have so many dedicated and active members. That makes our jobs as officers a lot easier. I encourage all of you to consider how you can help the Chapter remain strong and continue to grow – whether by serving as an officer, on a committee, or just by being more active in the Chapter.

On a more personal note, the past year has been challenging and difficult for me as my father's Multiple Sclerosis has progressed and worsened. As a result, frequently did not have the time to devote to my duties of President that the office, and the members, deserve. Luckily, I had a great cast around me to step up and help. The other officers, Jason

Bloch, Anthony Alderman, and John Palmer, often took the initiative and laboring oar that I could not. I know the Chapter will be in great hands next year with Jason as President, as he has spent the past year juggling the duties of Vice President and being shadow President – a difficult task which he has performed incredibly well.

Another huge thanks to Julie McDonald and Bill Christian for co-chairing the Conference Bid Committee. Making a bid for the 2022 International Conference has been (and remains) the most important agenda item for the Chapter over the past six months or more. Bill and Julie have taken it on with the enthusiasm and drive necessary to make our bid successful. The Committee has been very active and continues to push our bid toward the vote in Anchorage this summer. Please contact Bill or Julie if you would like to help on the Committee or if you have any suggestions or ideas.

Our winter quarterly meeting in Columbia, SC, in February was great.

We had excellent speakers, a great time at the social, and the accommodations were very nice. Thank you again to our sponsors for our Columbia meeting – Tidemark Land Services, TELICS, Compass South Appraisals, and Utility Land Service.

Our next meeting will be in Raleigh, NC, on April 28, and will be held jointly with IRWA's Asset Management Community of Practice. Course 700, a two-day course entitled, "Intro to Property/Asset Management" will be held on April 26-27. It should be a very interesting set of speakers and will help turn our attention to the asset management side of right of way, rather than acquisition.

40 Years of Giving Back

Since RWIEF's inception in 1976 as a non-profit funding mechanism for right of way education, the Foundation has supported IRWA in building and improving its education program. Coming to the end of our 40th anniversary year, it is amazing to recognize that approximately \$1.8 M has been endowed to the program. Most members know that Foundation funding has produced new courses, updated existing courses, converted classroom courses to online formats, and made possible the 2004 revision of the *PRINCIPLES OF RIGHT OF WAY* text book. But that's not all. Funding for the Leadership Institute produced eleven online modules of leadership training that is free – yes, **FREE** – to IRWA members. All these courses and leadership modules provide continuing education credits for IRWA recertification. And there's more. RWIEF manages and/or appropriates funding for three scholarship programs.

We take this supporting role to heart and are excited to announce our partnering with IRWA in a three-year program to sponsor 40 new scholarships for members seeking their RWA or RWP designation. RWIEF will fund and IRWA will administer the program, set to roll out this June. These scholarships will make a huge impact on these individuals and their employers.

So where do RWIEF funds come from? **YOU!** IRWA Chapter and Region members, along with leading industry corporations, generously donate money along with their time, energy and passion to raise funds. Thank you for helping us make a difference in the lives of right of way professionals and raise the level of expertise in this industry. Without your donations, we could not have achieved such milestones over these 40 years.

Did you know???

RELOCATION CORNER

DID YOU KNOW???

1. Property owners can provide their own appraisal to the acquiring agency? In fact, the acquiring agency should consider all relevant information in its negotiations with property owners.

DID YOU KNOW???

2. When determining the amount of just compensation, the agency determines the just compensation amount to be offered to property owners. The appraiser does his research of the real-estate market and presents the appraisal of the fair market value. The next step is the review appraiser who evaluates the appraisal and recommends an amount for an agency official to approve which will then become the agency's estimate of just compensation. For some uncomplicated low value acquisitions, the agency may determine an appraisal is not required and prepare a waiver valuation that will be the basis which an agency official will approve the offer.
